

Foamers Fight Flu Campaign

Greywinds is launching a Foamers Fight Flu campaign. We want to help adults convince children to wash their hands more often during this upcoming flu season; something highly recommended by the CDC. And the weapon of choice -- the Greywinds Foamers.

FOR IMMEDIATE RELEASE

October 01, 2009 – Beginning in early October, Greywinds, a Gift Set and Bath Products business based in Raleigh, NC will donate 2 Foamers to any local daycare center in the North Raleigh area that would like them.

Foamers are brightly colored and wonderfully scented liquid hand soaps that clean and soften your hands with a colorful burst of foam. Greywinds specifically developed them with children in mind. Each of the Foamers For Kids bears the name of a child near and dear to Greywinds employees. There are 7 brightly colored and scented foamers and 1 scent-free/ dye-free foamer available. Here they are: Alexis (Cotton Candy), Baire (Fragrance/Dye free), Justice (Frosted Cupcake), Kari (Blue Raspberry), Meli (Bubble Gum), Piper (Hot Chocolate), Quentin (Dragon's Tail [fruity]), and Zoe (Orange Creamsicle).

Foamers are a fun way to help children wash their hands. Other soaps will do, but a child who wants to wash his hands makes a caregiver's job much easier. Foamers help adults, parents and caregivers do that.

Greywinds is proud to be able to participate in helping the children in our community. We are currently contacting daycare centers in the North Raleigh area. If you know of a daycare center in North Raleigh that is interested in receiving the Foamers, they may contact us as well. From our kids to yours: Wash your hands often and help fight the flu.

#

Simple pleasures for everyday people! That's what Greywinds is all about. Bath products and gift sets are offered to individuals, corporations or groups looking for fun & unique products for themselves and others, all with a 100% money-back guarantee.
